Peter FELECAN

January 18, 2007

If you want to drop me a line, use the following address:

To avoid spam, the address is presented as an image thus, hopefully, invalidating the extraction algorithms of the autonomous address harvesters. The image is obtained from the textual representation of my email on which a set of transformations was applied, using Gimp's Script-Fu[1] *Alien Neon*.

---

[1] Another good place to read about Script-Fu is at Berkeley.
